Alger, le : 25 Juin 2024

Professor

Faculty of Mathematics

USTHB.

To whom it may concern,

Dear Sir, Madame,

I am pleased to write a letter of recommendation for Nihad SENHADJI.

Nihad SENHADJI attends my courses of Numerical Analysis 1 & 2, from 2018/2019 during her 2nd year of bachelor degree in Probability and statistics.

As a professor of operational research department at the university of Sciences and Technology, I have had an opportunity to observe her participation and interaction in class and to evaluate Nihad's knowledge of the subject matter. She is an outstanding student in all respects and has proven that through hard work, follow through, and team work as well as independently, she can accomplish tasks in a courteous and timely manner.

In addition, Nihad's work has always been meticulous and well-organized, and most importantly, her work and test results have always been good.

In conclusion I would recommend Nihad SENHADJI who will bring great value to any institution that she chooses to attend.

Should you require any information, please do not hesitate to contact me.

Yours sincerely.

Dr. Mohamed Amine BOUTICHE
